Function and reliability in a sleek, stylish design

- Stylish design anti-clog front wheel housing prevents mud build up
- Easy to operate one click, single fold mechanism
- Anti bag-twist design – *Unlike other manufacturers your bag is held in place at two points on the main frame and not on the central spine.*
- Long lasting soft, super slick, low profile tyres provide traction in all conditions.

ANTI-CLOG
WHEEL HOUSING

ONE-TOUCH
EASY FOLD SYSTEM

HIGH GRIP TYRES

Unique easy read screen

The Vision comes with a revolutionary screen that can be read in any light - even the brightest direct sunlight.

The Vision can be programmed for distance using the pause and resume function, right or left hand operation and with a personalised message.

A handy battery charge indicator makes sure you don't run out of energy.

Custom Vision

Customise your Vision golf trolley by changing the colour scheme.

The Vision comes with fully interchangeable aftersales accents that are easy to remove and replace with your chosen colours:

Yellow, Blue, Red, Teal or Green.

Custom Insert Parts: Main Wheels, Battery Tray, Front Housing, Bag Stay Ends and on/off button

And don't forget you can have your own personal message on the new easy to read screen.

Space saving fold down size

The new Vision golf trolley has a fold down size that is probably the smallest in the golf industry, taking up less space both at home and in the boot of your car. It's unique design means that it is one of the lightest golf trolley's on the market.

VISION

THE NEW BENCHMARK IN ELECTRIC GOLF TROLLEYS

“ The Golfstream Vision is the simplest golf trolley we’ve ever used - it takes just one click to open or close. The “easy read” screen is an industry first and we think it’s a significant upgrade. It looks superb, and is at a competitive price point too. ”

Charlie Lemay, GolfMagic Assistant Digital Editor
